To all those people who fight with me making me stronger...

Introduction

– what the fuck you put on the main page picture of that palms???

– see yellow house at the back? That is the headquarters of the S&B International Holdings Limited in Niue. S&B owns half of all modern corporations and nobody know who is the real beneficiary there...

I met Sergey for the first time in Goa, in Small Vagator, in the early 2000s, and he supposed to own the second half...

Today I travel a lot with lectures about modern leadership and help millions of people to achieve their goals.

From the time we met on Goa I read tons of books about leadership and understand that nobody really understand what leadership is!

Ok, for me was clear that people do not same, but I can not accept so much difference!!!

How can I be not the first???

And I really could not.

Again I was in Goa this winter.

Again I found there Sergey.

This book is about his rules of life...

Translation

In line with modern process of globalization – all translations of the Leader are made in Google translation.

Idea of this – to show that every man can communicate with others.

You can not speak all languages.

But you must know how to use modern world.

Any information of this book regarding any real people or places is not true, if you think it's true, you are not correct.

You must understand why is it like this.

If you do not understand it now, just read the book and you will understand.

Any claim will not be accepted.

There is no liability.

If you will try something from this book then you have full liability for your actions.

There is no guaranties.

If you reach a level of leadership using this book I will be happy.

If you reach nothing I will be happy.

It is just my ego.

Nothing in private...

1. You must love

– I was sure that people will love me, Sergey!!!???

– No. This will come never. Accept this...

If you want to find out the meaning of anything you must speak about this with people.

Love – it is very strange thing you know...

There is only one word?

But if you will look on the word love from different positions you will see totally different meanings.

And this is interesting.

So try to understand this and look on yourself from apart, how you communicate.

1- you can love people.

2- people can love you.

If we speak about people then is clear.

By the way, nothing is clear in reality, but we speak later on this.

The main question you have to ask is do you really love all the things you do?

Try next exercise: write all things you do during one day and put marks on how you like it.

Lets say use 10 degrees system.

Use 0 if you have to use a lot of power to proceed, 10 – if you have to use a lot of power to stop.

For me is usually like this: be in a traffic jam – 0, sex with my wife – 10.

If you will have questions please do not hesitate to ask me.

People.

Do you agree that people is the main thing?

What I mean here – you never act alone, you all the time communicate.

You all the time communicate.

Even when you do not think about it you communicate.

So if you like people you communicate with you put 10, if you hate them – 0.

That simple.
