## **Аннотация**

Almost nothing in life is free and loans are no different. Loans are basically a seemingly non complicated way of lending and borrowing but if one were to take the time to read the fine print, it could probably paint quite a scary picture. Get the help you need here.

# Foreword

Almost nothing in life is free and loans are no different. Loans are basically a seemingly non complicated way of lending and borrowing but if one were to take the time to read the fine print, it could probably paint quite a scary picture. Get the help you need here.

Chapter 1:

# Loan Basics

# Synopsis

A loan is an advancement of money or something of value with the promise or a bargain struck between the parties involved to redeem the full sum with interest within a stipulated period of time.

## The Basics

The interest is usually calculated proportionate to the sum borrowed and paid back along with the principal in segment for an agreed amount of time.
